

Hello captains!

Welcome to another season of USTA League Tennis!

Thank you so much for volunteering. Not only will you serve as the communicator and representative for your team, but we wouldn't have our league without all of your efforts.

Important Reminders:

- If you have registered a team out of facility that is currently closed and that facility is still closed at the time your first home match is scheduled, you must notify your opponent and give them the option to play the match at their courts. If they cannot provide courts, it goes back to the original home team to find alternate courts for the match.
- Players are expected to follow the safe play guidelines listed at usta.com/playersafety. Captains will also be provided with a condensed version of these guidelines in PDF format to share with their players. **No sharing of food or drink will be permitted this season. Every player is responsible for providing their own food and drink.** Additionally, there will be no ball exchange at the end of the match for this season.
- In order for players to be eligible to play in the local playoffs, they must play **two times during the regular season** (first match through the last regularly scheduled match of the round robin). A default may count as one of the matches played.
- If a team forfeits more lines than they have played, making the match invalid, a warning letter will be sent to the team. If this happens a second time in the league season, the team will be removed from the league and reported to the USTA Georgia Adult League Committee for review.

Georgia State Tournament for 2021 Championship Year

We are currently in the 2021 Championship Year. City Champions from USTA Atlanta will advance to the USTA Georgia State Tournament to be held in May/June 2021 in Columbus, GA or Athens, GA. Please visit [USTA Georgia's website](#) for more information on logistics.

Important Tips

- Be sure to thoroughly read through and be well-versed with USTA Atlanta local rules and regulations.
- Per league rules, both captains (and/or fill in captains) must exchange a written lineup prior to playing. A team may claim a default for the positions that were to start first if a

completed written scorecard was not exchanged. The remaining positions will play at the next scheduled time(s) provided a written lineup has now been exchanged.

- Assign a co-captain for your team! This will help for when you are out-of-town unexpectedly and can have someone take over for a team match. Once assigned, they will be able to have captain access on TennisLink.
- Contact your captain at least 3 days in advance to coordinate logistics for the team match.
- When speaking with your captain, confirm the facility address to make sure you have the correct address on file. You will also want to find out the number of courts that will be given for match and court surface.
- “Home” teams are required to provide two courts of the same surface for each team match. Unless another arrangement was made (and “agreed upon” by both captains), the first two matches to go on will be the #1 singles and the #1 doubles. The #2 doubles and #3 doubles should be there within one hour after the start of match time and the #4 doubles an two hours after the start of match time.
- You may add players at any time up until 11:59 PM on the night before the last local round robin match. Make sure your player is registered on your team before stepping foot on the court. If your player’s match is started at 9:00 AM, and they registered on the team at 9:02 AM, it is an illegal match and will be disqualified and awarded to the opposing team.

How to add or change the co-captain
