

The Rules of Red Hare Tennis

The rules aren't complicated but if you don't read them, you run the risk of looking bad so READ UP!

The winner of the night's match will be the team that wins the most individual matches. The team that wins the best 2 out of the 3 matches wins that week's overall team "meet". Even if a team wins Men's and Women's Doubles, the third line of Mixed Doubles will need to be completed in full for tiebreaker purposes at the end of the regular season.

A "meet" consists of three (3) separate 8-game matches: 1 men's doubles match, 1 women's doubles match and 1 mixed doubles match. In each match, the doubles team who is first to win 8 games, winning by 2 games is the winner. Ex) Tom & Cindy could win a match 8-6. A 7-point tiebreaker will be played at 7-7 in any set.

No-ad scoring is used. At 40-40, the team who wins the next point wins the game. In mixed doubles, if the score reaches 40-40, the server must be the same sex as the receiver. Ex) Tom is serving at 40-40. He serves to his opponent Joey instead of serving to his opponent Becky. The server serves to the side of the court that the receiver of the same gender is standing on so if Joey is playing the ad side, Tom would serve from the ad side at 40-40.

In same-sex doubles, at 40-40, the receiving team chooses who will receive the serve. The server serves to the side of the court that the chosen receiver is standing on.

Note: A refund of \$55 will be granted if the player requests one on or before the Sunday prior to the first match of the season. Said player cannot participate in season play.

ROSTERS

TEAM ROSTERS

Each team must have a minimum of 6 players. Teams must consist of at least 3 men and 3 women per team, but there is no limit to the number of players a roster can hold. For teams with only two available men or women for that week we will allow a player to play on multiple lines. For example, if a team only has two available men for a match, one of the players is allowed to play both Men's Doubles and Mixed Doubles. This is a fun, social league and we want to try our hardest to prevent any defaults due to lack of available players. This is only allowed for teams with two available players of that gender per week.

1. Divisions & Determining Your Team Average

Divisions are based on the NTRP team level. How does a team find its team level?

All beginner/intermediate teams must consist of all 2.5-3.5 rated players and all intermediate/advanced teams must consist of all 4.0-5.0 rated players. A NTRP rating manual can be found on the last page of this document for reference.

2. Determining Ratings of Players

- If a player has a computer generated USTA rating, they must compete at that rating.
- If a player is using an accepted self-rating for USTA League play, that player must compete at that level in the RHBCT League. When ratings are published for USTA League play, that player must play at the published rating.
- If a player does not compete in USTA Leagues and does not have a rating, USTA Atlanta will allow a player to self-rate for the RHBCT League using the guidelines found at the end of these rules.

3. Adding Players

Teams may add players throughout the regular season to their roster. There is no prorated rate. A player may not be added after the last regular season match has been played. The rating of an added player must be within the boundaries of that team's level of play. All players must be paid IN FULL before stepping on the court or the line(s) in which that player played will be defaulted. Teams who play non-registered players are subject to team suspension.

SCORING

1. The Match

Every week, each team will play against an opposing team. We call this a "meet". Each meet consists of three 8-game matches: *men's doubles, women's doubles and mixed doubles*. Captains must submit lineups to the other captain prior to each set.

The winner of the night's meet will be the team that wins the best 2 out of 3 individual matches. Even if a team wins Men's and Women's Doubles, the third line of Mixed Doubles will need to be completed in full for tiebreaker purposes at the end of the regular season.

2. Set Scoring

A match consists of three (3) 8-game sets using NO AD scoring and includes one match of men's doubles, one match of women's doubles, and one match of mixed doubles. The mixed doubles sets are always played last. Each 8-game match is won by the first team to reach eight games (winning by 2 games). **IMPORTANT RULE TO FOLLOW: A 7-point tiebreaker will be played at 7-7 in any set.**

Seven-Point Tiebreaker: The person who is to serve next begins the tiebreaker by serving one point. Each player thereafter serves two points in succession starting from the ad court. Players change sides after a total of 6 points have been played. The first team to score seven points

(winning by two points) wins the tiebreaker. Ex) 7-5 is a valid tiebreaker score, 7-6 is not. The tiebreak continues until a team wins by two points. Ex) A score of 12-10 is a valid tiebreaker score.

THE NITTY GRITTY

1. Order of Play

One court: Starting with Men's Doubles, followed by Women's Doubles and ending with Mixed Doubles. The match must end with Mixed Doubles. **If both captains agree, women's doubles may start the night's matches.**

2. Exchanging Lineups

Captains will exchange lineups with the opposing captain prior to each set showing who will be playing for their team. **Once a player has begun play, the player must complete three games before a substitution is allowed.** The official match start time is 6:30 PM each scheduled Monday or Tuesday (DeKalb: 7:00 PM).

3. Warm-ups

Men's Doubles must warm up at 6:30 PM for no longer than 5 minutes. Players may warm up for **no longer than 5 minutes** prior to the start of each match. Captains are responsible for enforcing the 5-minute warm up rule.

4. Service Order & Change of Ends

The service order is determined by the spinning of the racket. A player will ask the opponent to call the direction or letter on the bottom of the racket. The player/team who wins the spin may choose either: A. To be server or receiver of the first game of the match in which case the opponents will choose which side to start from or B. Choose the side they want to start on in which case the opponents would choose to either serve or receive first.

5. Substitutions

A team can substitute a player of the same gender into a set for *any reason*, if the following guidelines are met:

- A player must complete **THREE games** before they are taken out of a set and replaced by a substitute.
- Once a player is replaced, he/she **cannot return in that match**. In doubles, the remaining player cannot change the side on which they receive or the service order.

Substitutions can be made at the conclusion of a game after three games have been played, not *during* a game.

Substitutions cannot be made during a tiebreaker.

A player who played in a same-sex doubles match can play in the subsequent mixed doubles match. See Rule #10.

6. Mulligans

Each player (including subs) in every individual match is allotted (1) one mulligan that can be used on *any shot* during the match. An active player must immediately announce they are using a mulligan after their team's last point has been lost.

Mulligans can be used on the same point. (Ex: Team A loses a point and Becky on Team A calls a mulligan. The point is replayed and Team A loses the point again. If Becky's partner, Cyrus, has an unused mulligan, Cyrus can call a mulligan and the point is replayed again.) In theory, four mulligans could be used in a row if all players on court have an unused mulligan.

7. Tennis Balls

Tennis balls will be provided to captains for the regular season. All balls that are needed will be included in the captain's pack which will be provided to captains before the start of the first match. The designated home team will be responsible for providing tennis balls each week. One can of balls should be used for the entire TEAM meet (all three matches of play). *USTA Atlanta will provide one can per team meet/night.*

8. Coaching

Coaching is allowed throughout the match as long as it does not interfere with continuous play. We encourage team members to safely stand along the court and support their team members.

9. Default Rules

Team default time: 15-minutes. The match default score will be recorded 3-0. The default play time for Men's Doubles is 6:30 PM. The default play time for Mixed Doubles is 8:00 PM.

Player default time: 15 minutes. If a home or away team does not show up the score will be recorded for the present team 3-0. Please tell your players that once the men's doubles set is completed, the women's doubles players should immediately take the court for the five-minute warm up. The same applies for the mixed doubles match.

10. Mixed Doubles

Mixed Doubles players should not play in more than one full individual match per night. That means each team is required to have at least 3 men and 3 women ready to play each night. The exceptions to this rule are a lack of available players (see page 1) and substitutions. A player

who has played in a previous match (women's doubles or men's doubles) may substitute in after the substitution requirements are met.

11. Rain

Captains should call their facility to confirm playing conditions and communicate with their players with the exception of Piedmont Park (Dan Kester will be in touch with Piedmont captains). If a match is completely rained out, teams do not need to report to the facility and captains should confirm the match cancellation with one another. If rain occurs while play is already under way, teams will complete the match on another Monday or during a rain make-up night (if one has been scheduled by the league director).

Terrell Mill and DeKalb captains are responsible for agreeing on make-up match times with one another, calling their facility and reserving courts for make-ups. Make sure the facility knows the make-up courts are for Red Hare and we will incur the costs.

Sandy Springs Tennis Center, Chastain, Bitsy Grant and Piedmont Park captains will contact the league director when both have agreed on a make-up date/time and the league director will secure the court for you. In the event of rain during a playoff or finals match, a default makeup time will be imposed by the league director.

12. Entering Scores in TennisPoint

The captain of the winning team will enter scores at the end of the match. Please confirm with the opposing captain that scores are correct.

*Note: If incomplete matches remain at the end of the regular season, scores for said matches must be left at 0-0.

13. Registered Players Only

All players must be registered for the league in order to participate. Teams who play unpaid players are subject to disqualification from the league with no refunds given to all players on the team.

14. USTA Rules of Fair Play will be followed during all play.

DIVISION WINNERS

During the regular season, teams will play each of the other teams in their division. Typically, when the schedule allows, the last Monday of play will consist of 1st & 2nd place teams competing for the championship title as well as consolation matches for teams ranked 3rd place and lower. **Division standings will be based on the won-loss record of completed overall meets.** If the schedule does not allow for a final, standings will be determined by the regular season meet outcomes (which are again determined by the won-loss record of completed overall meets.)

Ex) If Team A wins 2 out of 3 matches during their meet against Team B, that's considered one win for Team A and one loss for Team B when determining teams' won-loss records.

In the event of a tie:

The first tiebreaker to decide the winner of each division (or if there's a final, which two teams will play in the final) is total *individual matches won*.

The second tiebreaker will be the *best winning percentage* (total games won divided by total games played). If there is still a tie, the winning team will be determined by the team that *won the most total games* during the season.

CHAMPIONSHIPS

Balls will not be provided for the Finals. The home team will be responsible for bringing a can of balls for the Finals. Court fees will be paid by Red Hare Tennis. Each member of the champion and finalist teams will receive a player gift at the end-of-season party.

FRIENDLY REMINDERS

(1) The Red Hare Brewing Company Tennis League is a **fun, recreational league**. We remind all captains and players to be flexible, exhibit good sportsmanship and be willing to work with the other teams to make each league season a success.

(2) League administrators cannot verify all ratings and research players without a USTA rating prior to the start of the season. Please register for the division that suits your true skill level.

(3) Because this is a fun league, we don't have a long list of rules; however, we do expect teams to play with integrity and not abuse the laid-back atmosphere of this league. **Be kind. Have fun.**

All rules are subject to change

NTRP Rating Characteristics

2.0

You lack court experience and your strokes need developing. You are familiar with the basic positions for singles and doubles play.

2.5

You are learning to judge where the ball is going, although your court coverage is limited. You can sustain a short rally of slow pace with other players of the same ability.

3.0

You are fairly consistent when hitting medium-paced shots, but are not comfortable with all strokes and lack execution when trying for directional control, depth, or power. Your most common doubles formation is one-up, one-back.

3.5

You have achieved improved stroke dependability with directional control on moderate shots, but need to develop depth and variety. You exhibit more aggressive net play, have improved court coverage and are developing teamwork in doubles.

4.0

You have dependable strokes, including directional control and depth on both forehand and backhand sides on moderate-paced shots. You can use lobs, overheads, approach shots and volleys with some success and occasionally force errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.

4.5

You have developed your use of power and spin and can handle pace. You have sound footwork, can control depth of shots, and attempt to vary game plan according to your opponents. You can hit first serves with power and accuracy and place the second serve. You tend to overhit on difficult shots. Aggressive net play is common in doubles.

5.0

You have good shot anticipation and frequently have an outstanding shot or attribute around which a game may be structured. You can regularly hit winners or force errors off of short balls and can put away volleys. You can successfully execute lobs, drop shots, half volleys, overhead smashes, and have good depth and spin on most second serves.
